

VCamAegisEye8216

Product Specification

Product Introduction	1. Q821A is Dual lens linkage zoom HD outdoor waterproof camera. 2. Core selling points: It adopts a starlight class lens F2.0 3. Dual lens linkage zoom 2 mp high-definition ptz camera; Intelligent loop recording, view playback anytime, anywhere. 4. Intelligent detection, intelligent tracking and zooming, which can solve the problem of not being able to adjust angle: 350° left and right, 60° up and down 5. 3D positioning 6. Support dual-stream output, free switching between dual-screen and picture-in-picture display of mobile phones, sharing pictures with multiple people 7. Two-way voice intercom, real-time communication without distance. 8. Intelligent loop recording, view playback anytime and anywhere. 9. Both local and cloud services can be stored. 10. 8. Easy to install, install by yourself, no need to hire professional construction workers; 9. Adjustable	
Application Scenarios	1. Factory 2. School 3. Residential 4. Shopping mall 5. Home 6. Company	
Product Description	• 4 MP Dual lens linkage zoom HD outdoor waterproof camera	
	• CG-Q821A	
	• Master chip	JS chip

	• APP operating system	Android, IOS
	• Sensor	1/2.8 " Image Sensor
	• Compression format	H.265/H.264
	• Pixel	1920*1080*2 4MP
	• APP	TUYA
Networking method	• WIFI	2.4G
Alarm method	• Detection method	Humanoid detection, motion detection
	• Detection distance	0~12meter
	• Detection angle	72°
	• Alarm method	Speaker alarm, alarm recording, information push, picture push, video push (need to activate cloud storage)
PTZ	• Gimbal angle	Horizontal 350° Vertical 90°
	• Rotating speed	Horizontal 30°/sec Vertical 20°/sec
Night vision mode	• Full color night vision	Support
	• Infrared	Infrared LED (dot matrix 8 pieces 20mil) distance 20M
	• White light	White LED (10 pcs white light 1W) distance 15M
Audio	• Built-in speaker	2W
	• Built-in speaker	Monitoring range 10 meters
Lens	• Focal length	4.0 mm+4.0mm
	• Aperture	F2.0
Storage	• Cloud storage	Cloud storage (alarm recording)
	• Local storage	TF card (maximum support 128GB)
Power	• Power supply	DC 12V 1.2A
	• Maximum working power	<15W
Others	• Working environment	indoor\outdoor
	• Operating temperature	-20°~+60°
	• Working humidity	10%—90%RH
