

VCamGuard3300

Product Specification

Product Introduction	1. 2 MP HD picture quality 2. Two-way video call, real-time communication without distance 3. It adopts a starlight class lens F2.0 4. Motion detection, humanoid tracking, and interaction with your family anytime, anywhere 5. Intelligent loop recording, view playback anytime, anywhere. 6. Storage is available both on-premises and cloud services 7. Adjustable angle: 350° left and right, 60° up and down 8. Support battery power, 18650 two sections (default without belt, optional)	
Application Scenarios	1. Factory 2. School 3. Residential 4. Shopping mall 5. Home 6. Company	
Product Description	• Host system	Linux
	• APP operating system	Android & IOS
	• Sensor	1/3 " Image Sensor
	• Compression format	H.265/H.264
	• Pixel	1920*1080
	• APP	TUYA
	• Battery	Up to two 18650 batteries (not included by default, optional)

Networking mode	• WIFI	Single frequency 2.4G
Alarm method	• Detection Method	Motion detection, pedestrian detection
	• Detection distance	0~12 meters
	• Detection angle	106°
	• Alarm mode	Speaker alarm, alarm recording, information push
Gimbal	• Gimbal angle	Horizontal 350° vertical 60°
	• Infrared	Infrared LED (dot matrix 2pcs 20mil) distance 10 meters
Audio	• Built-in Speaker	3W
	• Built-in microphone	The listening range is 5 meters
Lens	• Focal length	3.6mm
	• Aperture	F2.0
Storage	• Cloud Storage	Cloud storage (alarm recording/all-day recording)
	• Local Storage	TF卡 (Maximum support 128GB)
Power	• Power supply mode	DC 5V 2A
	• Maximum operating power	<10W
Other	• Working environment	Indoor
	• Operating temperature	-20°~+60°
	• Operating humidity	10%—90%RH
	• Camera size	L*W*H: 92.1*79.1*153mm
Accessories	• Accessories	Camera: x1 Instructions: x1 Power adapter: x1 Power cord: x1
	• Color box size	L*W*H:105*105*210mm
